Nigel Fredericks
Plaintiff

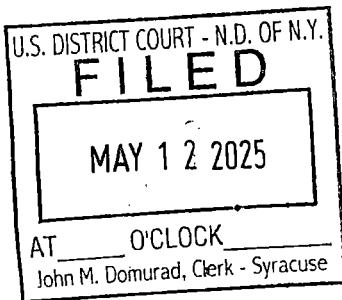

Jury trial demanded
YES

v.

Donald Trump
Defendant

Individual capacity
and official capacity

Plaintiff Nigel Fredericks
alleges his Administrative has not
the relevant process served with
sought pass his three under imminent
strikes

1. On April 7, 2025 Plaintiff Niger Fredericks
was arrived to Rose points Correctional
Facility and since has been nothing but
retaliation against the Department of
Corrections and Army appointed by the
President and Army appointed by the
President of United States

2. Prior to that occasion here are the
main factors on a consistently basis I have
to live with when things don't go as the
way the government plan such as not being
able to come into my cell such as not being
if many up-set them to make a mess
thing they can reach to the point the only
food and places he can't tamper with my
homemate's movement inside the

3. In that occasion I consistently place for
side cast I will meaning almost every day
and here are the things I complain on in
having major trouble breathing in my sleep
they referring to the army whom serve my
body made it hard for me to chew and
swallow my food if left as it something is
stuck in my throat and can't cough it up.

4. It's becoming a everyday routine where
the nose stinks I will see a provider where
in the mean time I will take these TBROPRBN
showing that don't help because its PROPER
able to cover these symptoms in having

5. Prior to that matter the real reasons why the Army are appointed to the State Department of Correction is because the entity are held in contempt case I went to trial held on November 68 & 19 2024 and had have proven the correct date July 12, 2025 and since it's been a catastrophe

6. Soon thereafter prior to paragraph 5 the Department of Correction had committed a serious crime at more correctional facility one of the individual held in contempt for their actions of breaking the law and that inmate name was Robert Brooks and since two other incidents occurred at Clinton C.F and Auburn C.F.

7. Prior to that matter the Governor of Hooper is putting her foot down hard on D.O.C Department of Correction to the point she even make them wear body worn cameras.

8. And since that situation occurred D.O.C Department of Correction went on a major strike, it was over fifty to eighty thousand officer tried to and the Governor warned them to my knowledge to ever happen this would be her final and last warning.

Q. On that occasion it's clear as I say that the army did not wanna be here neither did when i'm free to be gone by now able to have my freedom, but it's not a choice in this matter so if would be more of their measure to have continue violate my constitutional rights

1. And to clear things up a bit when I say Department of correctional i'm also referring to the under cover Federal whom i've seen Sloan several agent ago that contribute to this madness

2. The president of the United States only want one thing and don't really care for 400 much other thing because he well as i got or know about such thing of will not only hold him accountable but plenty others such as

13. On that occasion as i once had after enough the courts once had i've never president complain about knowing where he Joseph Biden therefore of knowing the speculate these it's really is one and what secret think out of all people i'm aware you expose it to the world but you wrong and i never none whatsoever

Mr. Plaintiff Nigel Fredericks will
Peter demonstrate on how free Nickels
keep on encounter with my life in
general and it don't matter how many
times I try to explain it or what form
of fashion someone they hold me fully
accountable

15. The Plaintiff arose from the
case that was pending from the
Northern District of New York case # 4:17-
cv-0015 two day three on 11-18 and 19
of 2020. Everything was proven false
incidents, injuries, defendant.

16. On that occasion now the case
is pending in the the Court of Appeals
Second Circuit and if seen to be problem
I have something that seems to be problem
don't wanna let me move in prison
out a hassle it's becoming on in life with
it.

17. Why am saying these things because
orders was made in both Court districts
the Court of Appeals in both Court districts
keep things going the way it is
like something cop I don't know is most
and to be honest I don't even think they have
it's all a ~~theory~~ what I might supposed to have
broadcasting false information

Claim # Due process

18. I'm considering the one being
Punished to the worst degree possible
Everyday of my life for almost the
hole time incarcerated for something
no one have personal knowledge of
but continue to go on and on having
a major impact on my life as well.

19. Honestly speaking I don't know
how if all happen who said what or
maybe some people just have such
worrying about what ever and just
its causing a catastrophe on both ends

20. And I'm not disputing the fact that
not only you referring to the president Mr.
Donald Trump for your tragic event or the
traumatic outcome of being in public such
all over the news but you only see it one
way of getting it off now or not referring to
the truth i say that because in referring to
behind this thereof as well when not one time
have anyone said I can solve this thereby.

21. Therefore Plaintiff aged nineteen
is Suing sole defendant president Mr. Donald
Trump in his individual capacity and
Official capacity for the pain and suffering
mental anguish cruel and unusual punishment
or compensation and punitive damages

Respectfully Submitted
